Raising the Bar on Waterfront Living

Twin Bay Docks has been manufacturing quality-built docks and accessories for more than 30 years. Our long time employees take pride in their work. The aluminum frame features three full length stringers that provide extra strength and stability. The vinyl decking features a beautiful diamond pattern, flow through design that minimizes the effects of the wind and waves. The vinyl and the virtual wood are UV protected, have a slip resistant surface that is kind on your feet and is cool to the touch, even on the hottest days. Our dock system can be designed to fit your lifestyle and enhance your waterfront experience. From kayak racks, flag poles and bumpers, to steps, ladders and benches, our accessories enhance the look and functionality of your dock. Create the waterfront space that is comfortable for you with a dock that will last for generations.

Modular Docking Systems
